01 How We Work and When the Fee Is Earned The business terms carriers care about, supported by precise legal definitions. 1. Relationship and authority. Carrier appoints Hermes as a limited, non-exclusive independent contractor and administrative agent. Hermes may research freight, present opportunities, negotiate within Carrier instructions, coordinate setup packets and documents, communicate with brokers, shippers, dealers, auctions, factors, and facilities, and support dispatch and invoicing. Hermes may not accept a load without Carrier approval, control drivers or safety, receive freight proceeds, re-broker freight, or act in its own name as the transporting carrier. 2. Carrier approval and operations. An "Approved Load" is a load Carrier accepts by text, email, portal, recorded business call, signed rate confirmation, or conduct clearly confirming acceptance. Carrier controls equipment, drivers, routes, hours of service, maintenance, cargo, insurance, permits, taxes, claims, and compliance. Carrier may reject any opportunity and may self-dispatch or use other providers. 3. Hermes-arranged loads. A "Hermes-Arranged Load" is an Approved Load that Hermes first sourced, negotiated, booked, or materially coordinated. Unless Appendix terms say otherwise, the fee is calculated on Linehaul Revenue shown on the rate confirmation. Linehaul Revenue includes bundled transportation compensation but excludes separately stated detention, layover, TONU, lumpers, fuel advances, tolls, permits, taxes, claim payments, and pass-through reimbursements. 4. Selected billing basis. If Completed Loads is selected, the fee is earned when the load is picked up and completed and is not conditioned on when Carrier later collects from a broker or factor. If Collected Revenue is selected, the fee is earned when Carrier or its factor receives the applicable freight payment. If custom work terms are selected, the signed special terms control. A Carrier-caused cancellation after approval may be billed only if a specific cancellation or work fee is written in the commercial terms. 5. Weekly invoice and payment. Each billing week runs Monday through Saturday, Eastern Time. Hermes issues the weekly invoice on Saturday. Unless different signed terms apply, payment is due by 9:00 a.m. Eastern Time on the following Monday. Carrier must identify any disputed load and reason in writing within five business days. Undisputed amounts remain payable. Rate confirmations, PODs, settlement statements, and other records may be used to verify the calculation. 6. Protected accounts and direct customers. A "Protected Account" is a shipper, dealer, auction, fleet, customer, or direct program first introduced to Carrier or materially developed for Carrier by Hermes and identified by a written Account Protection Notice. Carrier may object within three business days with dated proof of a pre-existing active relationship. During this Agreement, the selected fee applies to all Carrier revenue from a Protected Account, regardless of booking channel. After termination, the same fee continues for twenty-four months. Carrier may work with the account; this clause preserves Hermes compensation and prohibits routing the work through an affiliate, related authority, owner, driver, employee, contractor, or another dispatcher to avoid the fee. 7. Records and verification. Carrier will promptly provide records reasonably needed to verify Hermes-Arranged Loads and Protected Account revenue. Carrier authorizes Hermes to confirm load amount, delivery, settlement, and payment status with the relevant broker, shipper, dealer, or factor. On five business days notice, Hermes may review relevant records no more than once per quarter. If an underpayment greater than five percent is found, Carrier also reimburses reasonable documented audit costs. 8. No circumvention of Hermes personnel. During the relationship and for twelve months after it ends, Carrier will not knowingly induce a Hermes employee or contractor who materially served Carrier and had direct contact with Carrier to leave Hermes and provide the same services directly. General advertisements not targeted at Hermes personnel and relationships documented before Hermes introduced the person are excluded. Available remedies are actual damages, reasonable replacement and training costs, and lawful injunctive relief-not an automatic punitive fine. Direct shipper / dealer protection Hermes may develop a direct account only as the disclosed representative of the specific Carrier. The transportation agreement and freight payment remain directly between the account and Carrier. Hermes does not accept freight in its own name or allocate that freight among carriers unless separately authorized and properly licensed.

02 Protection, Payment Recovery, and Signatures Readable at the top; precise where enforcement depends on detail. 9. Carrier duties. Carrier will keep active authority and required insurance, use qualified drivers and lawful equipment, provide accurate information, promptly report material changes, send POD/BOL and requested documentation, and not double-broker, re-broker, or transfer a Hermes-Arranged Load without written authorization from all legally required parties. 10. Confidentiality and data. Each party will protect the other's non-public business information and use it only for this relationship, payment, compliance, or legal needs. Protected information includes customer and personnel contacts, rates, lane strategy, account lists, pricing, internal communications, credentials, and operating methods. The duty lasts three years after termination; trade secrets remain protected while legally qualifying as trade secrets. Public, previously known, independently developed, and lawfully received information is excluded. 11. Late payment and collection. Hermes may pause new work after notice while an undisputed amount is overdue. Past- due undisputed balances accrue interest at one percent per month (twelve percent annually), or the maximum lawful rate if lower. After a written cure notice, Carrier must reimburse reasonable documented collection costs, court costs, and attorney fees to the extent permitted by contract and law or awarded by a court. Payments apply first to lawful costs, then interest, then the oldest invoice. No personal guaranty, UCC lien, automatic card debit, or confession of judgment is created. 12. Term and termination. This Agreement begins when signed, continues week to week, and may be ended by either party with seven calendar days written notice. Either party may immediately suspend or end services for fraud, unsafe or unlawful instructions, inactive authority, insufficient insurance, harassment, credential misuse, double-brokering, or material breach. Termination does not erase fees already earned, Protected Account obligations, confidentiality, records, payment, or dispute terms. 13. Risk allocation and indemnity. Carrier bears transportation, cargo, driver, equipment, safety, regulatory, tax, and insurance risks. Carrier will defend and indemnify Hermes from third-party claims arising from those responsibilities or Carrier's breach, except to the extent caused by Hermes's proven gross negligence or willful misconduct. Hermes is not responsible for a broker, shipper, dealer, load board, factor, facility, insurer, or other third party's act, insolvency, system, or payment failure. 14. Liability limits. To the maximum extent allowed by law, neither party is liable for indirect, special, punitive, or consequential damages. Hermes's total liability arising from this Agreement will not exceed service fees paid to Hermes during the sixty days before the event giving rise to the claim. The cap does not apply to fraud, willful misconduct, gross negligence, misuse of confidential information, or liability that law does not permit the parties to limit. 15. Taxes and independent businesses. The parties are independent businesses, not employer and employee, partners, joint venturers, franchise parties, or co-owners. Each party is responsible for its own taxes, payroll, filings, permits, licenses, and business expenses and will provide reasonably required tax forms. 16. Law, venue, notices, and electronic signatures. Wisconsin law governs. Subject to mandatory law, exclusive venue is in state or federal courts serving Ozaukee County, Wisconsin. Notices may be sent to the designated business email; notices to Hermes go to officeus@hermeslogisticsus.com and 1426 11th Ave, Grafton, WI 53024. The parties consent to electronic records and signatures and to retaining a reproducible PDF and audit trail. This Agreement, its commercial terms, Protected Account Notices, and signed amendments are the entire agreement. If a provision is unenforceable, the remainder stays effective, but a restrictive covenant will be enforced only to the extent Wisconsin law permits. Limited dispatch authorization selected by Carrier Carrier signs every rate confirmation. After Carrier approves a specific load in a verifiable communication, Hermes may sign only that load's rate[] [] confirmation as Carrier's limited agent. Hermes may transmit carrier packets and invoices and verify load/payment status, but may not receive freight funds, open accounts, borrow money, settle claims, hire or direct drivers, make safety decisions, or accept unapproved freight. By signing, each signer confirms authority to bind the identified business, accepts the selected commercial terms, and acknowledges that the Carrier retained control of every load and all transportation operations.
